

8 THINGS YOU CAN DO RIGHT NOW TO SAVE THE OCEANS

SAVING WATER SAVES THE OCEANS

1. USE YOUR EYES!
Shut off the tap while brushing your teeth, shaving or washing your hands. Saves 5-8 gallons.

2. USE YOUR EARS!
Listen for drips, leaks or running water. Saves 3-50 gallons.

3. USE YOUR ARMS!
Place a bucket in the shower until the water's warm. Then use it to refill your pet's water bowl or water indoor and outdoor plants. Saves 4-7 gallons.

4. TAKE A SHORTER SHOWER!
Take a shorter shower and replace the showerhead with low flow. Saves 8-18 gallons.

5. KEEP REUSABLE BAGS IN YOUR CAR
For all of your shopping needs. Saves countless gallons.

6. WHEN DOING LAUNDRY & DISHES...
Wash full loads of laundry and dishes. Saves 10-30 gallons.

7. WHEN GIVING YOUR PET FRESH WATER...
Use the old pet water to water plants. Saves around 1 gallon.

8. USE REUSABLE LUNCH BOXES AND COOLERS
This saves water in the manufacturing process! Saves countless gallons.

I, _____, pledge to help the oceans by saving water
because every drop counts! I will spread this message and share my success!
